Best dance class I've ever taken! Marconi is amazing! She has wonderful energy, is incredibly patient and uses lots of repetition in her teaching, and her choreography is super fun!

Marconi is a really fantastic teacher, and does a really great job of explaining moves and connecting steps. It was my first class so I had a little trouble following all the steps but had a great time. She will do the same dance for about a month, progressing each week, but you should be able to follow along any time you decide to stop in.
